

2 DRIVERS ARE EXONERATED IN FATAL MISHAP

An Adams County coroner's jury Thursday afternoon decided that "from the evidence presented the jury cannot determine that either of the drivers was at fault" in the death of Charles W. Strausbaugh, 69, of 39 South St., who was fatally injured when struck by two cars on Carlisle St. August 14.

Only three witnesses testified at the inquest before Coroner Dr. C. G. Crist at the courthouse. They were the drivers of the two cars, Harold W. Keller, 62, Gettysburg R. 6; Mrs. Anna Marie Reaver, 24, Taneytown, and the investigating officer, Borough Policeman Russell Potter.

Dr. Crist told the jury that despite every effort no one was located who had actually witnessed the accident other than the drivers.

Keller, a former taxi driver here, testified he was headed toward his home when the accident occurred. He said he had stopped on Lincoln Square to buy cigarettes after attending the Moose stag feed, and then had driven north on Carlisle St.

TELLS OF MISHAP
He said there was a car about 20 feet ahead of him, and about three other vehicles were approaching from the north. One of the approaching cars apparently had its lights on high beam. Keller alleged. He said that he was driving about 20-25 miles an hour in second gear. He said he saw Mr. Strausbaugh moments before his car struck him. Keller and the investigating officers said there was very little evidence of where Keller's fender had struck the man, other than two small dents under the headlight. Keller said he stopped within three feet and looked back and saw Mr. Strausbaugh lying on the highway.

WOMAN TESTIFIES
Officer Potter said his investigation showed Strausbaugh was about 10 feet in back of the Keller car when it came to a stop.
Mrs. Reaver told the jury she came to Gettysburg to attend the movie. She said she was driving south looking for a parking place when she heard a thud as if something had struck the side of her car. She stopped, looked back and saw Mr. Strausbaugh lying on the roadway. She said she had not previously seen any pedestrians.

CHEMIST ENDS LEAVE TO TAKE COLLEGE POST

Sister Margaret Hughes, dean of studies at St. Joseph College, Emmitsburg, today announced the return of Dr. Joseph A. Solomon to the faculty after an absence of two years during which he worked with the Coal Research Bureau, School of Mines, at West Virginia University, Morgantown, W. Va.

Formerly chairman of the division of natural sciences and mathematics at St. Joseph, Dr. Solomon returns as professor of chemistry. He will not, however, completely sever his association with the Coal Research Bureau which plans to use his services as consultant chemist.

Dr. Solomon, a native of Vandergrift, Pa., was educated at schools there and at Westminster College, New Wilmington, Pa. Wartime service with the Naval Reserve interrupted his collegiate program, but, after honorable discharge, he returned to Westminster and in 1949 received his B.S. in Chemistry.

HAD FELLOWSHIP

Dr. Solomon attended the Stevens Institute of Technology, and later accepted a fellowship at the Carnegie Institute of Technology from which he received his doctorate in 1958.

Prior to his first appointment at St. Joseph College, Dr. Solomon was associated with the U.S. Steel Company as analytical chemist and later in the same capacity with research and development of the Gulf Oil Company.

Dr. Solomon has done extensive work in coal research and is the coauthor with Dr. R. J. Enright of the West Virginia University School of Mines of two papers on the subject which, prior to publication, were presented Tuesday at the eighth biennial conference of the International Briquetting Association in Denver.

POLICE PASS PUNISHMENT TO BOYS' PARENTS

Four juveniles on a camp-out wound up in the arms of the law this morning, but the law decided to let the parents prescribe such punishment as they deem necessary.

According to the borough police call sheet Officer Raymond Menges at 5 o'clock this morning found two juveniles on Chambersburg St. They told him their car had broken down on W. Confederate Ave., and he agreed to drive them there.

At the car he found two more juveniles. He also discovered that the boys had borrowed the car from the father of one of the youths without his knowledge and that none of the four had a driver's license.

Menges called the parents of the youths and held the boys at the engine house until they arrived to take them home.

The report said "no other action except what the parents will take."

According to the information obtained by the officer, the youths, three from McSherrystown and one from Gettysburg, aged 14 to 16, decided to sleep out Thursday night. This morning the group decided to take a ride. They planned to return home before their parents awoke this morning. Then came the trouble with the car on the battlefield and the police to reveal what was occurring.

NOVICE DRIVER IS INJURED IN AUTO ACCIDENT

Miss Carole Jeanne Hausenfluck, 17, 128 North St., McSherrystown, and Charles McClintock Jr., Midway, were injured in a one-car mishap near Conewago Chapel on the McSherrystown Game and Fish Association Rd. in Conewago Twp. Wednesday about 3 p.m.

Township Patrolman Thomas Carbaugh said Miss Hausenfluck received bruises about most of her body when the car she was driving, a sedan owned by McClintock, struck a pole as she was traveling northwest from Irish town.

LOST CONTROL

Police said she recently received her operator's license and was watching her movements within the car as she shifted gears while negotiating a curve on the road. Police said she lost control when the sedan struck a piece of wood in the roadway. The jolt knocked the steering wheel from her hands and the auto crossed to the left of the roadway and struck the pole.

McClintock received severe lacerations about the lower lip, arms and face when he was thrown from his seat and against the windshield upon impact.

The two were taken to the Hanover Hospital by an off duty Littlestown borough policeman, John Hemler, who resides nearby. McClintock and Miss Hausenfluck were treated and released.

Police said the sedan was demolished. Damage to the pole, owned by the Metropolitan Edison Co., was unestimated.

Trapped Men Less Talkative As Rescuers Drill Steadily To Break Through Cavity; Third Miner Silent Since Tuesday Night

HAZLETON, Pa. (AP)—Drilling of a new escape hole for the three trapped miners reached a point today where two of the men reported they could hear the drill.

"Let us know the first signs of dust or anything," the man handling communications from the surface told them via a microphone through the six-inch lifeline hole. "Keep track of it and tell us when to stop."

By JAMES V. LAMB
Associated Press Staff Writer

HAZLETON, Pa. (AP)—Drilling of the new escape hole for the three trapped miners moved at a steady pace today, but the two of them in communication with the surface were considerably less talkative than usual. The voices of Henry Throne, 28, and David Fellin, 38, seemed as strong as usual, but they seemed to be pre-occupied with their own

thoughts as the 12-inch drill headed for their 14-by-9-foot chamber, 331 feet underground.

Two previous escape hole tries have failed, the latest one Thursday.

If all goes well, the 12-inch drill will break through around noon today. The next step would be to enlarge the hole to 17 inches. This probably will take another 30 hours.

SECOND DRILL RIG

A second drilling rig, much smaller than the 10-story-high one boring the escape hole, is drilling a four-inch hole toward the area where Louis Bova, 48, is believed trapped.

Bova was separated from the others by about 25 feet of debris after a cave-in 10 days ago—about 9 a.m. Aug. 13.

Throne and Fellin sleep fitfully at random times.

Two mechanical breakdowns delayed the escape hole drilling for a total of 3½ hours before dawn today.

DUPLICATE SETS

Experts on the drilling rigs expect difficulties as a matter of routine in going through hard rock. They have a complete duplicate set of parts on hand at all times.

Optimism prevailed for Throne and Fellin. Bova's fate was uncertain. There have been no reports about him since Tuesday night, when Throne and Fellin said they heard brief shouts and tapping. A Navy survival expert at the scene said Bova's survival chances appeared slim.

On the third front, specialists with radioactive material rushed in from all over the nation, stood ready to make further probes to determine how close a previous

(Continued On Page 2)

(Continued From Page 1)

DISTANCE UNKNOWN

Initial efforts with a Geiger counter Thursday failed to disclose the distance.

Lt. Richard Anderson, of the Naval Medical Research Institute in Bethesda, Md., a physician well-versed in survival techniques, gave advice to Fellin and Thorne early today.

He said, "As long as there's food, water and hope, they're going to get along fairly well."

Anderson said the fact that Bova has been trapped without food or water for 10 days doesn't mean he's not alive.

GO FASTER

"We can go at a much faster rate now that we know the geological structure," he said.

He said he was "very optimistic" the third 12-inch hole would be a success.

"We were very disappointed with the hole we missed but we are glad that the men down there are keeping their spirits up. The failure (Thursday morning) was probably more of a disappointment to us than to them."

Anderson told Fellin and Thorne to keep warm and instructed Thorne to put some ointment on a cut on his hand.

"Take care of the hand, put a bandage on it," he told Thorne. He also told Fellin to put on "some nice fresh socks."

PAIN IN CHEST

At one point Fellin reported, "I've got a pain in my chest."

Elwood Tito, who is operating the communications to the men, asked Fellin: "Do you have a cold?"

Fellin replied: "I don't know. I put on a heating pad, though."

Charmbury said he was "not too optimistic" about the tests with the radioactive probe, but further tests were scheduled to augment the rescue operation, in which all stops are being pulled out.

The third 12-inch hole was begun about 6 p.m. Thursday night but it was halted less than two hours later when the Geiger counter was lowered into the original six-inch lifeline to Fellin and Thorne. At the same time a piece of radioactive cobalt was raised and lowered into the second 12-inch hole which missed the trapped men.

GET RADIATION

After an hour and a half nothing much more than background radiation was received on the Geiger counter, surface workers indicated, and the probe was abandoned. Drilling resumed immediately.

Already, unsuccessful efforts on the two previous 12-inch holes—the first of which had to be abandoned because it was too close to the men and caused secondary rock falls—resulted in the loss of more than 40 hours. The second 12-inch hole apparently missed the men by a few feet. They are in an underground pocket about 14 feet long and 9 feet wide.

Plans for the final rescue effort called for drilling a 12-inch hole and then reaming it to 17 inches and, if necessary, depending on the condition of the men and other factors, to 24.

Fellin and Thorne continued to hold their spirits high with a stream of humor to rescuers above, boosting their morale.

Bova has not been heard from at all by rescuers at the surface.

Fellin reported he heard him Tuesday night and that he was in a weakened condition. Some mine experts in the rescue party, however, questioned Fellin's report.

BAR GROUP TO GIVE COURSES FOR OFFICIALS

Plans for a series of courses in criminal and civil procedures for constables, police and justices of the peace were outlined Thursday evening at a meeting of the Adams County Bar Association at the Hotel Gettysburg by Attorney Daniel E. Teeter, chairman of the association's education committee.

The course will start in November, Teeter said, and his committee will serve as coordinators for the series of classes, with each member of the bar scheduled to speak on various phases of the law.

Teeter said that the method would not only provide better instruction for officials but also would acquaint them with the various members of the bar.

Attorney John McPhail suggested that the bar association endorse a plan for the clerk of courts to photostat transcripts of cases in his office. The association rejected the plan declaring that there is more urgent need for other papers to be photostated at the present time.

Attorney S. M. Raffensperger reported an increase in rates for advertising in the Adams County Legal Journal to take care of increased costs of operation of the journal.

Donald W. Fields, Pittsburgh, a representative of the Pennsylvania Bar Group Insurance Plan, outlined details of the health, accident, life and professional liability insurance available through the plan.

President Attorney Eugene V. Bulleit presided at the meeting.

The attendance was "about twice as large as any previous year," according to the report. Last year 1,550 attended.

Krum announced that a silver Lincoln Gettysburg centennial commemorative medal was awarded as a door prize to Ray V. Noel, 328 E. Middle St., Hanover.

President Thomas Piper announced that the Middle Atlantic Institute of the Junior Chamber of Commerce will be held at Norfolk, Va., September 6, 7 and 8 on the subject of international relations. Members of the local chapter planning to attend are to notify Kenneth Keefe by August 31. Four members indicated Thursday night they plan to attend.

Richard Guise, chairman of the "fly-in" committee, announced his group will meet Monday evening at 8 o'clock at the Adams County Motors and urged Jaycees interested in the program to attend.

CARS COLLIDE THIS MORNING

Damage totaled \$500 when two cars collided at the intersection of S. Washington and Breckenridge St. this morning at 6:50 o'clock.

Borough police said Elwood E. Laughman, 148 W. High St., was driving north on S. Washington St. and attempted a left turn into Breckenridge St. in the path of a car being operated south on S. Washington St. by Robert P. Dubs Jr., Gettysburg R. 2.

Damage was estimated at \$300 to Laughman's car and \$200 to Dubs' vehicle. No one was injured.

FAMILIES HOLD HIGH HOPES IN MINER RESCUE

By JAMES V. LAMB
Associated Press Staff Writer
HAZLETON, Pa. (AP) — "You mean about our Hank. We're still hopeful."

The words from Mrs. Walter Papchak, a sister of one of three trapped miners Henry Throne, 28, reflected the optimism of relatives, mine officials rescuers and spectators of bringing to safety the men, despite several setbacks. "We're very optimistic," said H. Beecher Charnbury, state secretary of mines, "that this hole will be a success." He referred to a third escape shaft being dug to two of the miners. Two others have failed.

HIGH HOPES

Clyde Machamer, president of the Independent Miners Association, said "We're highly hopeful of getting them out."

"In this business you have to learn to expect disappointments," Joseph Fellin, a brother of another of the trapped men, David Fellin, 58, said he was not a bit discouraged.

"No, no," he emphasized. "I was discouraged only during the first four days."

For four days after the cave-in Aug. 13, Fellin insisted that rescue efforts should be attempted while other persons feared the men were dead.

There was mixed reaction among spectators about the third miner, Louis Bova, whose fate is uncertain, Fellin and Throne have a six-inch lifeline through which food and other supplies can be lowered to him. Bova has been without food since the cave-in.

BOVA CUT OFF

"I think they're going to get them out, Fellin and Throne," said Don Unger, of Hazleton. "I think the chances are very slim for Bova."

"I think they will bring them out," said Ed Durshin, of Hazleton. "I got a strange feeling that Bova is alive, too."

Bill Morse of Hazleton said "I have hopes they'll make it. If they keep it up they're bound to succeed." Morse said he was "a little worried" about Bova.

"There's still hope for them," said Harold Simmons, also of Hazleton. "For Bova there's still a chance but it doesn't look too good."

"I think they'll get all three out alive," said Frank Walton of Hazleton. "First they'll get those two (Fellin and Throne) and then send someone down to get Bova."

"TOGETHER FOR ALWAYS"

We have been together, darling... for many, many years... and we've had our share of laughter... punctuated by some tears... it has been a toilsome journey... yet so very worth the while... for with you as inspiration... my heart always wore a smile... when my faith and hope descended... your faith helped to see me through... you're a rose in life's wild garden... understanding and so true... now that we are old, my dearest... life has become sweeter still... and we look toward the future... with a promise to fulfill... just as long as we're together... I'll be equal to all things... facing happiness and sadness... with a heart that laughs and sings.

Officer Potter testified there was no evidence that either of the drivers had had anything to drink before the accident, there was no indication that either had been speeding at the time. There were no skid marks on the roadway, he said.

The jury found that death had occurred at 7:15 a.m. August 15 at the Warner Hospital from a fractured skull and abrasions of the entire body received when Mr. Strausbaugh was struck by the two cars on Carlisle St. near Bender's Funeral Home.

Members of the jury included: Robert Monahan, Harold Ecker, Robert Weikert, Morris Steiner, Thomas Crist and G. Henry Roth.

A traveler arriving from Dalat, 140 miles northeast of Saigon, reported he had seen troops fire on demonstrators. There was no indication of the number of casualties.

STUDENTS STRIKE

Student strikes were reported in various parts of the country, including Saigon.

All pagodas remained sealed off by troops and police.

Most of the monks arrested in the Saigon pagodas were being held in a military compound on the waterfront, it was learned. Estimates of their number run from 1,000 or more.

There still was no reliable indication of casualties from the pagoda raids.

A few hours before Lodge's arrival, Vietnamese authorities opened telephone lines connecting the U.S. Embassy with the rest of Saigon. The lines had been cut since the pagoda raids.

PICKETS ARE OUSTED FROM N. Y. CITY HALL

NEW YORK (AP)—Mayor Robert F. Wagner has called a halt to the around-the-clock sit-in outside his City Hall office by civil rights demonstrators.

Wagner ordered the pickets out Thursday after a noisy melee in which three policemen were injured.

A dozen pickets ran up the City Hall steps and tried to chain themselves to a pillar at the entrance. Policemen prevented them from accomplishing a chain-in.

Policemen and pickets wrestled among clanking chains. Other demonstrators left a picket line on a nearby street and marched on City Hall, using fists and knees on policemen.

SOME SCREAM

Some of the pickets screamed: "Wagner, stay home." This was in reference to the mayor's recent announcement that he would participate in the march on Washington next Wednesday.

The pickets said he should stay here and help find more jobs for Negroes and Puerto Ricans in the construction industry — a major goal of the demonstrators.

Police forced the pickets down the City Hall steps and back into nearby Park Row. Some of them sat in the street there, blocking traffic. Mounted police dispersed them.

Nine demonstrators were arrested at City Hall.

The sit-in had been going on for 44 days. Negro and white demonstrators camped outside Wagner's office, chanting, singing and sometimes calling out denunciations of Wagner and other city officials.

Arendtville and Littlestown will make up their important postponed game in the South Penn Baseball League on Sunday afternoon at 2 o'clock at Arendtville, it was decided at a special league meeting Thursday evening at the American Legion Home.

A victory for Arendtville, now half game back of league-leading Taneytown, would create a tie for first place in the second half race.

If Littlestown should pull an upset it would give Taneytown, first half titlists, the second half honors as well as the overall league championship, eliminating the post season playoff series.

In the event of an Arendtville win on Sunday, Arendtville and Taneytown will meet on Memorial Field, Littlestown, Sunday, September 1, at 2 o'clock for the second half championship.

A best-of-three playoff series will be staged if Arendtville captures the second half title.

Miss Benner, E. H. Carbaugh
Wed. On Sunday: Miss Treva
Ruth Benner, daughter of Mrs.
Sarah J. Benner, 114 East Middle
street, and the late Charles
H. Benner, and Edward Harold
Carbaugh, son of Mr. and Mrs.
Harold B. Carbaugh, 71 Stein-
wehr avenue, were united in mar-
riage Sunday afternoon at 3:30
o'clock in the St. James Lutheran
church.
The double ring ceremony was
performed by the Rev. Ralph R.
Gresh in the presence of the im-
mediate families and a large
number of relatives and friends.
The maid of honor, Miss Freda
J. Benner, a sister of the bride,
was her only attendant.
Attending the bridegroom as
best man was Harold Hand, of
Gettysburg. The two ushers were
Luther Sachs Jr., also of Gettys-
burg, and Edward Hamme of
York.
The bride is a graduate of the
Gettysburg high school and is
now employed by the C. H. Mus-
selman company, in Biglerville.
The bridegroom is also a gradu-
ate of the Gettysburg high school
and served 14 months in the
navy. He is now a student at the
Williamsport Technical Institute
in Williamsport.

Taylor Barn, Crops Of Two
Farms Burn: Damage estimated
at \$6,100 was done when fire re-
sulting from a bolt of lightning
destroyed a barn on the farm of
Lester M. Taylor, located one
and one-quarter miles south of
Aspers on the Aspers-Center
Mills road, Sunday afternoon at
2:45 o'clock.
Chester McKenney and his
family occupy the house on the
farm but the farm work is
conducted by Mr. Taylor.
All crops of hay, straw and oats
from the two farms of Mr. Taylor
were stored in the barn and were
destroyed. A new rubber tire wag-
on which had not yet been used
was destroyed together with other
farm machinery.
The Aspers fire company was
summoned and succeeded in sav-
ing two small buildings close to
the barn. Heavy rains which filled
a nearby stream furnished an
ample supply of water for the
four lines used by the firemen.
A number of firemen remained
on duty until 2 o'clock this morn-
ing.
The barn measured 40 by 50
feet. The loss is partially covered
by insurance.

Appendicitis Operation Costs
Less Now Than In '38 At Warner
Hospital: While operating costs
at the Warner hospital have
rocketed in the last 10 years and
facilities have been greatly ex-
panded, figures released today
by Walter R. Doud, administra-
tor, show that appendectomies
cost less now than in 1938. In a
10-year span in which most living
costs have approximately doubled,
maternity case costs at the War-
ner hospital have increased by
about 22 per cent, Mr. Doud's
figures show.

Basing his study on costs for
ward care, Mr. Doud found that
the average cost for an appendec-
tomy at this hospital in 1938 was
\$79.89. In 1945 the average was
\$73.24 and in 1947 it stood at
\$75.20.
The shorter period of confine-
ment to the hospital for appendic-
itis patients is the secret to the
dropping costs for that type of
cases, Mr. Doud explained. In
1938, the average appendicitis
case here required 13.6 days of
hospital care. In 1945, the aver-
age was seven days and in 1947,
the average was 8.5 days.
Using figures for 100 maternity
cases each in 1938, 1945 and 1947,
the hospital official found that in
1938 the average cost was \$44.08
as compared with \$48.53 in 1945
and \$54.13 last year. The aver-
age number of days of care for
the three years studied dropped
from 10.06 days, to 8.4 days and
then to 7.3 days last year.

Lions To Give Typewriter To
Hospital Here: Gettysburg Lions
voted Monday evening to buy a
typewriter for use in the office
at the Warner hospital. The ma-
chine will be paid for from the
club's charity fund.
The action was taken on rec-
ommendation of the finance
committee after the club had
been told at a previous meeting
that an additional machine is
needed at the hospital office. One
use to which it is expected to be
put is in recording vital statistics
now entered on the required
forms by hand.

leased by the publishers, Long-
mans, Green and Company, to-
day and autographed copies went

County Free Library. The new
book also is on sale at The Book-
mart.
Dedicated to "Nellie Rupley
Bergstresser and all her chil-
dren," the book, intended espe-
cially for youthful readers, has
been illustrated by Elmer Hader.
The county library said the book
is expected to be in greatest de-
mand by boys and girls of the
sixth, seventh and eighth grades.

Today's Talk

BELONG TO YOURSELF!

Many years ago there was a
very popular song in which the
line appeared "I belong to you."
Sentimentally it was a catchy
line, but who wants to mortgage
his life to anyone?
Montaigne, that wise old French-
man, once said, "The greatest
thing in the world is to know how
to belong to yourself." This
doesn't mean that you are to se-
gregate yourself from everyone
and live out a selfish, self-cen-
tered existence. A man who be-
longs to himself is in the position
to give himself away! He can
spread himself out — radiate his
influence, and live in a thousand
lives, without for a moment sur-
rendering one bit of his God-in-
herited self.

By belonging to yourself you
can go and come at will. You
own, not only yourself, but the
world as well. That is, the world
that you create for yourself.

The essence of freedom is the
privilege of thinking as you wish,
expressing yourself as you will,
and having a free grasp on oppor-
tunity wherever it appears. The
unhampered mind grows, be-
comes rich in knowledge, and is
forever giving out ripened
thoughts.

People take better care of the
things they own than they do of
the things that they have bor-
rowed, or rented. There is a pride
in all ownership because it gives
independence. By belonging to
yourself you are given the oppor-
tunity of constantly creating and
recreating — enlarging your per-
sonality and making yourself
more useful to others and hap-
pier within yourself.

By belonging to yourself you
are able to make your own de-
cisions, and therefore to bear the
blame or glory, as the case may
be. It is so much more satisfac-
tory to make a mistake and learn
from yourself than to feel that
you have learned from someone
else, especially when someone
else has advised you wrongly.
We hold our head higher when
we have experienced our own
blunder, or achieved a pleasing
victory.

Belong to yourself. Be a "paid-
up policy" to yourself. Own every
share of stock in your personal
corporation. Be master of your
own intellectual faculties!

INDIVIDUALITY
Five birds from five small eggs
will be
Alike to hear, alike to see;
Alike to feather; later on
If you should chance to look at one
You should have really seen the
five
Nor could you any way contrive
To tell one from the others when
You next should see the group
again.
But five small children, reaching
earth
By the same avenue of birth
Will come with splendors all their
own,
And when to childhood they have
grown
Through certain traits of kinship
gleam
None like the other one will seem,
Each in its own way will express
An individual loveliness.
When'er a meadow lark you see
Like all its fellows it will be,
But who has children three or four
Or seven or eight or even more
Will find in each some loveliness
Which all the others don't possess.
Birds must be birds, but children's
arms
Come laden with their special
charms.

**Many Rescue Suggestions
And Offers Of Aid Pour
Into Trapped Miners Area**

By THE ASSOCIATED PRESS
HAZLETON, Pa. (AP)—Just 11
short days ago, David Fellin,
Henry Throne and Louis Bova
were living quietly with their
families, little known outside this
anthracite region.

Today they have stirred such
national concern that authorities
are being flooded with offers of
assistance and suggestions in try-
ing to rescue the miners from 331
feet underground where they were
trapped in a mine cave-in Aug. 13.
A Methodist group in Roanoke,
Va., offered \$500 to be distributed
among the families of the three
men. It was accepted.

William Groom, president of the
Columbia, Pa., Vault Co. offered
the use of a special hydraulic
winch to lift the men to the sur-
face. Groom said he would trans-
port the \$10,000 winch to the mine
scene free of charge if rescue of-
ficials indicated they might use it.

BLOW HOT AIR
Jerry Sullivan, Atlantic City,
N. J., police chief, telephoned
Hazleton police and suggested
blowing air down a six-inch life-
line to the men to provide them
with heat. They had reported be-
ing very cold.

Ted Spiedel, of Niagara Falls,
Ontario, Canada, suggested in a
telephone call to police that an
electric magnet and a compass be
used to determine the location of
a 12-inch rescue hole which missed
its target Thursday.

Spiedel explained that a strong
magnet would attract the compass
needle and show the men the di-
rection of the 12-inch opening.

John Zupancic of Linden, N. J.,
suggested that thin steel jacks
passed to the men through the

Littlestown High Eleven Is Hard Hit By Graduation; Big Task For Coach Heyser

A lack of depth throughout the entire squad may cause some concern among the Littlestown High School fans when the Thunderbolts open their 1963 season on September 7, clashing with York Suburban in York.

Coach Bill Heyser, starting his second season at the Bolt helm, is going to have to do a lot of work with his team and they are going to have to absorb as much as possible in the few short weeks leading to the season's opener. Approximately 56 candidates have come out for the sport and only nine are lettermen. Heyser has lost all his veteran ends and centers and is quite shallow in the remaining eight positions.

Two of the big losses from a year ago were the two quarterbacks, Dwight Strevig and Bill Woodward. Terry Arbogast, a 6', 160-pound senior, seems to be filling the bill well but the Bolts will probably go all year with two quarterbacks. Jim Blocher, a 5'7", junior, will be working with Arbogast. Arbogast has an excellent throwing arm and knows how to handle the team.

OTHER KEY LOSSES

Littlestown was hit hard by graduation also in the guard and center posts. Frank Basheor leaves a gap at guard that will have to be filled by Dave Lockner, 5'10", 143, and Jeff Rebert, 5'9", 166. Craig Strevig, a 135-pound junior who stands but 5'4", is giving the coaching staff pleasant thoughts. He's extremely small for a guard, but pound for pound a coach can't ask for any more. He is certain to see plenty of action in the new campaign.

Bill Prosperi and Bob Smith are fighting for the starting assignment at the center position vacated by the graduation of Jeff Breighner. Prosperi is a fiery 158-pound, 5'7", senior while Smith, a junior, stands 6'1" and weighs 198. Jim Bittel and Lowry Close will give added strength to the interior part of the line from their tackle slots. Bittel is 5'8", 210 pounds and Close is 5'10", 168. Sophomore Gary Wintrose is pushing hard and the 5'10", 172-pounder is making quite an impression on the staff.

Despite the small crop of ends, Heyser says the pass receiving is better than it has been in the past. With no veterans returning to the end of the wall posts, Ed Bless, Jim Strevig, Tim Stites and Lynn Clabaugh have been waging a fierce battle for the job. The Bolts are definitely on the lock out for some good blocking ends. To compensate for the lack of size at the ends on defense, Heyser will move Ed Koontz and Dave Lockner out to bolster those vulnerable spots.

KOONTZ IS WORKHORSE

Koontz is the workhorse of the squad from his fullback slot. The big senior, 6'1", 184 pounds, knows how to use his weight and has been a tremendous asset to the club in the past. As far as the remainder of the backfield is concerned, halfbacks Don Bair, Louie Orndorff and Terry Pottorff, the three lettermen, will pave the way. All three have excellent speed and know how to maneuver. Pushing this select group is Junior Greg Myers, 5'8", 125 pounds. Myers is considered the shifty type runner.

Once again Heyser will incorporate the split-T offense with some variations of the wing-T. Littlestown is a member of the Laurel Conference and Heyser feels that York Suburban is again the team to beat because of their continual amount of depth and experience which is passed down from year to year. He also figures Central and West York to come along strong primarily because both were loaded with juniors last year.

Evaluating his own general prospects for the year, Heyser said, "I think we'll improve upon our 4-5 record of last season primarily because the fellows are more familiar with the new system I have started. Now I do think that in order for our system to work, the line is going to have to do the job since we have the backs who can come through." Heyser also stated that one thing that kept him out of trouble last year was his punting. He will again have an excellent punter in Terry Pottorff and Bruce Crouse. The Bolts may do a lot more place kicking, using Arbogast's toe.

Littlestown's 1963 schedule includes: September 7, York Suburban, away; 13, South Western, home; 21, Susquehanna, away; 27, West York, home; October 5, Dal-

DODGERS ARE DEFEATED BY CARDS 3 TO 2

By MIKE RATHET

Associated Press Sports Writer

The St. Louis Cardinals, almost left high and dry by Curt Flood, took off for Houston today after salvaging the finale of a three-game set with National League-leading Los Angeles and temporarily at least, throwing the Dodgers' runaway chances overboard.

Despite a base-running boner by the sure-footed Flood, the Cardinals kept the Dodgers from building their lead to a whopping 8½ games by edging the front-runners 3-2 Thursday night in a game punctuated by missed opportunities.

Flood, racing around third on Bill White's hit with the score tied 2-2 in the fifth, missed the bag and had to retreat. By the time Flood, who had four hits for the night, retraced his steps, it was too late to try and score.

TIE IS SNAPPED

As it turned out, the Cardinals snapped the tie in the sixth on a double by Ken Boyer and Julian Javier's single, ending the Dodgers' winning streak at seven games and trimming their lead to 6½ games.

The Cardinals, who came into Los Angeles only 5½ games back and riding a three-game winning streak, now will be looking to make up ground against the Colts while the Dodgers tackle the suddenly potent Milwaukee Braves.

The Braves, who have moved into sixth place by winning eight of their last 10, lost to third-place San Francisco 8-6 as Juan Marichal posted his 19th victory despite a grand slam homer by Milwaukee's Joe Torre. The Giants are 7½ back.

BUCS BEATS CUBS

In the only other NL game scheduled, Roberto Clemente hit a grand slam homer in Pittsburgh's 9-3 belting of the Chicago Cubs.

The Cardinals scored twice in the first against Dodgers starter Don Drysdale, 16-14. Dick Groat was hit by a pitch, moved to third on a single by White and scored on Stan Musial's grounder before Boyer singled White home. The Dodgers came back to tie in the third against Ernie Broglio, 14-8, on run-producing singles by Wally Moon and Tommy Davis. After that they were unable to come up with the key hit.

Marichal, 19-6, was tagged for Torre's grand slam in the eighth, but by that time it was too late for the Braves. Felipe Alou's three-run homer in a four-run third inning rally against Tony Colinger, 8-8, had put the Giants ahead to stay.

L-TOWN OLD TIMERS DRAW FINE CROWD

Several hundred fans turned out Thursday evening at Memorial Field, Littlestown, for the annual old-timers' three-inning game between former Littlestown players.

Following the game the current Littlestown team of the South Penn League played a 2-2 deadlock with Stewartstown of York County, the game being halted after seven innings by mutual agreement.

WIN AWARDS

The following awards were made to the old-timers: Oldest player, Harry Tressler, who will soon observe his 76th birthday; "Turney" Ecker, Stewartstown, who traveled the longest distance; Lewis Fox, of the Used-to-bes, and Dick Knipple, of the Has-beens, who secured the first hits for their teams.

In the ensuing regulation game Stewartstown scored runs in the first and second inning with Littlestown rallying for a pair in the bottom of the fifth to tie the score.

Ed Knipple rapped two hits in three appearances for Littlestown and Carl Bankert smacked a triple. Boyer, Stewartstown first baseman, collected two hits, including a double.

SEVEN ONE-RUN GAMES

MILWAUKEE (AP) — Warren

Spann of the Milwaukee Braves, the winningest southpaw pitcher in major league history, failed to turn in a shutout among his 18 victories in 1962. However, the 42-year-old veteran allowed only one run in seven of his 22 complete games. In six games National League rivals could score only two runs a game.

State Gets \$50 Million From Hershey Trust Fund To Build Medical School

HARRISBURG (AP) — Gov. Scranton reported today the Dauphin County Court has awarded \$50 million from a trust established by the late Milton S. Hershey for a medical school in Derry Twp., Dauphin County.

"I am pleased to announce," the governor said in a statement, "that after a careful and thorough study of the petition (for award of the funds) and supporting data by Hon. Lee F. Swope, president judge of the Orphans' Court of Dauphin County, he signed a decree today awarding \$50 million for the establishment and endowment of a medical school in Derry Twp. to be known as the Milton S. Hershey Medical Center."

The community of Hershey is located in the township.

WILL BE MEMORIAL

The governor's statement added:

"It is a source of deep satisfaction that Atty. Gen. (Walter E.) Alessandrini and Judge Swope were able to exercise their legal powers to make possible the founding of this great institution as a further memorial to a renowned philanthropist."

The institution will become the seventh medical school in Pennsylvania. It will be operated by the Pennsylvania State University. The other state medical schools are Jefferson, Hahnemann, University of Pennsylvania, Temple University and Women's, all in Philadelphia and the University of Pittsburgh.

In seeking court action on the medical school proposal, Alessandrini represented the public.

\$50 MILLION FUND

The funds will come from an estimated accumulation of \$96 million in the estate of Hershey in a trust fund established in 1909 for a permanent school for orphan boys in the town of Hershey.

The governor's statement said the trustees and managers of the school for a long time "have given serious consideration to the use of a portion of the income accumulation for some project which would be consonant with Mr. Hershey's general charitable purposes and at the same time would meet a critical public need."

The Hershey trust has adequate land for the school in Derry Twp., which surrounds the town of Hershey. The governor's office said \$20 million to \$25 million would be required to construct and equip a modern medical school and

teaching hospital.

Income from the balance of the fund will be sufficient, the office said, to endow and subsidize the medical school and provide scholarship grants and loans to students.

Judge Swope's decree transferred the \$50 million from the school to the Hershey Foundation, established in 1935.

ISRAEL, SYRIA TAKE DISPUTE TO U. N. GROUP

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP)

—Israel and Syria square off in the U.N. Security Council today, each accusing the other of aggression.

The special council session had been set for Monday but was advanced at the insistence of Israeli Ambassador Michael Comay. He claimed Syrian guns shelled two Israeli settlements near the Syrian border Wednesday night.

It was the first time in 10 years that Israel had originated a complaint in the council instead of following up Arab charges with counter charges.

In preliminary talks with council members, Comay said the 11-nation group's action would show whether Israel could get satisfaction from the council, where the Soviet Union has exercised its veto occasionally on behalf of the Arabs.

SELF-DEFENSE

The Israeli Parliament said Wednesday night that Israel would exercise its right of self defense unless the council halted the alleged Syrian aggression.

Both Israel's and Syria's current complaints allege military aggression inside the demilitarized zone north of the Sea of Galilee. The zone is forbidden ground to all military forces under the 1949 armistice agreement between Israel and Syria, last of the Arab nations to stop fighting in the Palestine war.

Israel claims the area as her territory. Syria contests the claim and accuses Israel of making "repeated attempts to annex this area by force."

TWO GOLFERS WILL RESUME OLD RIVALRY

By BOB SALMON

Associated Press Sports Writer

WILLIAMSTOWN, Mass. (AP)

A rivalry that began nearly a decade ago between a pair of teen-agers in Washington State resumes today in the semifinals of the 63rd Women's National Amateur Golf Championship.

Defending champion JoAnne Gunderson and Mrs. Anne Quast Wells will be meeting for the sixth time in competitive play when they tee off amid the mountain greenery at Taconic Golf Club.

Miss Gunderson, now 24 and a three-time winner of this tournament, holds a 3-2 edge. But Mrs. Wells, a year older, was the winner in a semifinal match between the two in the 1958 National. Four of their matches have gone 18 holes or more.

FINAL ON SATURDAY

College student Carol Sorenson of Janesville, Wis., meets 16-year-old Peggy Conley of Spokane, Wash., in the other semifinal. The 36-hole final will be played Saturday.

Miss Gunderson was a Kirkland, Wash., girl when the rivalry began. She now lives in Providence, R.I. Mrs. Wells was a Marysville, Wash., resident but now lives in Mount Vernon, Wash.

"We've been good friends for years," Mrs. Wells said after beating junior champion Janis Ferraris of San Francisco 4 and 3 in a quarter-final match Thursday.

Miss Gunderson, one over par for 69 holes, took a 5 and 4 victory over Mrs. Helen Sigel Wilson of Gladwyne, Pa.

Miss Gunderson, 20-year-old former intercollegiate and Western Amateur champion, gained revenge with a 4 and 3 victory over Mrs. Phyllis Semple of Sewickley, Pa., Thursday. She had bowed to the 44-year-old mother of five in a second-round match of the National last year.

Miss Conley's 3 and 2 victim was former Curtis Copper Judy Bell of Colorado Springs, who just couldn't control her putter over the back nine.

FIND \$150,000 MORE IN MILK CAN THURSDAY

TROY, Ohio (AP)—A section of timbers splintered five or six years ago at the Altman Mills feed plant north of here, and some excavation had to be done to make repairs.

The work took five days and an employee recalls Russell Stacy Altman, the elderly mill owner, kept an eagle eye on the workmen.

Now he knows why. The excavators had dug within five feet of where Altman buried some of the huge fortune in U.S. currency which millhands, digging again this week have unearthed.

FREEDOM LEAP GAVE GERMANS URGE TO FLEE

By JOHN FIEHN

KRUMBACH, Germany (AP) — Freedom was all Conrad Schumann wanted when he leaped from East to West Berlin over freshly strung barbed wire two years ago.

A picture of Schumann leaping the fence in the uniform of an East German border guard was printed on front pages. For many it became a symbol of daring to surmount any obstacle in the quest for a life of one's own choosing.

PHOTO WON PRIZES

The photograph of Schumann was snapped by Peter Leibing of Contipress, Hamburg, and distributed by The Associated Press. It won prizes and press awards.

The prize Schumann got was freedom.

Did he get what he wanted? "Yes," he says firmly. "I am free now. I enjoy being out of East Germany and I wouldn't dream of going back unless the Communists go."

Schumann 21 now and a father, works as a laborer at a bottling plant.

He was one of the first East

German wall guards to defect after the Communists closed the 26-mile border cutting through the city. Schumann fled to West Berlin at 4 p.m. Aug. 15, 1961.

INSPIRED BY RADIO

He says listening to West German radio stations and RIAS, the American radio station for Germans in Berlin, gave him an idea what life might be like in the West.

"When the Communists closed the border," Schumann recalls, "I decided to flee."

"That day I had gone on guard duty at 2 p.m. A group of West Berlin youths stood near the fence strung across the street. They shouted 'Come over, man. Come over.'"

"Then, I saw West Berlin police bring up a small Volkswagen truck and put it up in such a position that the open rear door was facing the barbed wire. One of the police motioned with his hand to indicate 'Jump in.' I nodded, quietly so that nobody in the East would notice."

JUMPED FENCE

In a few strides, Schumann reached the fence, jumped over it and dashed toward the police truck. He jumped in, police closed the rear door and off the car roared.

West Berlin police handed Schumann over to military authorities of Berlin's French sector. They, in turn, passed him on to the Americans, who flew him to West

NBC-TV SIGNS 'SAM' SERIES BY JACK WEBB

By CYNTHIA LOWRY

AP Television-Radio Writer HOLLYWOOD (AP) — "Temple Houston," which might be subtitled "Sam's Son, the Lawyer," may or may not prove to be art when it reaches the NBC channels in mid-September. It definitely will be a demonstration of how fast a studio with a firm order for a series can crank out programs.

Until the end of July, NBC was expected to fill its early Thursday evening hour with a series about a government investigator, starring Robert Taylor. Suddenly the network canceled the show and ordered up a batch of programs from Jack Webb, new head of television production at Warner Brothers Studios.

THREE SCRIPTS

"Fortunately, we had three finished scripts," Webb said. "We'd done considerable research on the period in Texas—end of the 19th century—and the kind of cases a lawyer would be getting involved in."

"But we never thought of getting out the show this early. We'd made a pilot film in color on our own. We figured it for an inventory show and that the earliest we'd get the series on the air would be after some network fall-outs in January."

"Fortunately Jeffrey Hunter, who had played the title role in the pilot, had been wardrobe and costumed," Webb continued. "All we had to do was haul him back from a vacation in Acapulco. With

Germany At a refugee camp officials got him employment in a sanatorium at Guenzburg, near Ulm, in southern Germany. He met a nurse who became his wife.

With his wife and their 1-month-old son, Erich, Schumann lives in a three-room apartment. From his earnings of 500 marks—\$125—a month the family has saved enough to buy furniture, a radio and television set. He hopes to buy a car soon.

TODAY

In History

By THE ASSOCIATED PRESS

Today is Friday, Aug. 23, the 235th day of 1963. There are 130 days left in the year.

Today's highlight in history:

On this date in 1630, the Massachusetts Bay Colony passed the first labor legislation in America. Gov. John Winthrop and the court of assistants decreed that Laborers be paid one shilling a day.

On this date

In 1773, King George III of England proclaimed the existence of open rebellion in America.

In 1833, the New York clearing house for banks was organized.

In 1914, Japan proclaimed a state of hostilities against Germany in World War I.

16 ARE EXECUTED

In 1935, 16 persons were convicted and sentenced to death in Moscow for plotting to kill Premier Josef Stalin and other Soviet leaders.

In 1945, Gen. Douglas MacArthur informed the Japanese of his plans for the ceremony at which the enemy would sign terms of unconditional surrender in World War II.

Ten years ago . . . Iran's new

three scripts ready, the rest in a studio like this was easy.

"Warner's has been making Westerns for years, and has six permanent Western streets and a big backlog for location shots, plus tons of wardrobe. It was ideal for a quick turn-around."

OPENS NEW DOOR

The NBC short order to the studio is a propitious start for Webb in his executive post. It marks the first sale of a television series by the big theatrical film company to a network other than ABC.

Webb's new job is to give the Warner television product a new, glossier look. The man who created and starred in "Dragnet" has a lot of ideas and opinions.

Asked about his own performing career, Webb looked contentedly around his handsome, well-appointed office and at the stacks of scripts relating to new projects, he shook his head.

"Not me," he said with a happy grin. "This is where I want to be. Behind the desk and behind the camera. I've always liked this side."

Faulty Instrument Loses 11,000 Feet

EDWARDS AIR FORCE BASE, Calif. (AP)—X-15 pilot Joseph A. Walker says a faulty instrument made him undershoot his goal by two miles. He hit a record altitude of 66½ miles anyway Thursday. Walker placed blame on a new instrument, an altitude predictor. It is designed to tell the pilot when to shut down the engine or lower the climb angle to avoid over-shooting his mark.

"Near the top of the climb I had an altitude prediction of 363,000 feet," the space agency pilot told newsmen after the flight. "So I nosed her over a little. It looks like the predictor was off about 11,000 feet."

Walker reached 351,000 feet. His goal was 360,000 feet, more than 68 miles. Walker set the previous record of 348,000 feet July 19.

Jersey Presents Drama On The Mall

PARAMUS, N. J. (AP)—An experiment in shopping center dramatics is paying off here for its producer, Robert Ludlum.

During the eight months since being established on a year-round operating basis, Ludlum reports, the Playhouse on the Mall has attracted 140,000 spectators.

"We have found there's a healthy state of theatergoing in the suburbs," he said.

The theater, operating in the center of a group of large stores, stresses variety ranging from "Hamlet" to "Kiss Me, Kate."

GALLUP, N.M. (AP)—There was only one thing wrong with new badges delivered to the Gallup police department Thursday. They bore the state seal of Arizona, not New Mexico.

ATHEISTS ADD NEW STRENGTH TO RELIGION, CLERGY AGREE

By GEORGE W. CORNELL

Associated Press Religion Writer

Thanks be to God, the Christian scholar said, for the blessings bestowed on the faith by those two atheists, Karl Marx and Sigmund Freud.

It may sound strange for the

world's two most noted disbelievers to be cited as sources of value to religion.

Yet among many theologians and philosophers, the thesis often is expressed.

They maintain that Marx, founder of communism, and Freud, founder of psychoanalysis, have contributed stimuli and insights to Judeo-Christianity that were neglected.

STRENGTHEN CHURCH

A long-standing church concept holds that God frequently may work through antireligious forces and individuals to correct, lead and strengthen the church.

It was at the Anglican World Congress in Toronto, Canada, this month that a British churchman,

Canon Max Warren, stressed that divine guidance may come from outside the Christian fold—from other religions, science, and even atheists.

Christian concern for social righteousness "owes not a little, under God, to the stimulus of Karl Marx," he said.

He said the church also owes thanks to God "for His grace at work in Sigmund Freud," in bringing the light of psychiatry to bear on the healing of men's spirits—their personalities.

SPURNED RELIGION

Both Marx and Freud spurned religion as wishful thinking. Marx saw it as a kind of mass tranquilizer to obscure the exploitation of common people.

Freud considered it a kind of obsessional neurosis, brought on by desire for paradise beyond the difficulties and death of earthly existence.

Nevertheless, the psychoanalytic procedures he developed are widely credited with deepening understanding of Christ's teaching, and aiding in their application.

Theologian Paul Tillich says that Freud's approach of accepting, rather than condemning, the guilt-ridden was the very heart of Christ's gospel of forgiveness—the "acceptance of the unacceptable."

As for Marx, the idea of ties between his influence and Christianity is a matter of frequent analysis in academic circles.

Pair Honeymoons In Dorms At Camp

CHIGWELL, England (AP)—Maurice and Sylvia Clark, newly married vegetarians, are spending their honeymoon in separate dormitories.

He shares a cabin with 19 men at a vegetarian youth camp. She sleeps in the girls' hut.

Sylvia, 22, explained: "We booked for this camp before setting our wedding date but then decided to come here anyway for our honeymoon."

ly, British Catholic philosopher R. C. Zaehner says that "Marxism is not old enough yet to realize that it has no essential quarrel with religion."

Jim didn't catch any fish today. Now, on the way home, he can't help casting an envious eye at Tim's haul. It isn't that he begrudges Tim his fish. It's just that, in his heart, he can't help wish that he had been the lucky one.

This is natural, and Jim is young. He's just beginning to learn that you can't always be a winner, but he still finds losing pretty hard to take in stride.

Fortunately, Jim is being given the advantage of Christian training in church during this all-important period in a boy's life when a sense of values is being formed. He is learning lessons which only the Church can give him.

True, Jim is envying a very small item — a string of fish. But envy and greed come to all of us on a larger scale many times throughout life. To meet this challenge squarely, it takes years of self-discipline. That is why religious training can never begin too early.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are:

(1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — The thing that puzzles men most about women is that they enjoy being women.

Now and then a man, worn out with the office politics of earning a living, has a kind of masculine envy of his wife.

"You got it made, baby," he tells her. "When you get tired of pushing buttons on all these modern labor-saving devices, you can lie down on the couch and rest your worn finger."

"If you don't want to dust a table now, you can dust it later. If you don't feel like sending out the laundry today, you can send it out tomorrow."

PREFERS WOMEN

"Boy, if I ever get the chance to be born again, I think I'd choose to be born a woman."

Actually, however, that is the last thing on earth he'd choose to be. A lion? Maybe. An elephant? Perhaps. But a woman? Never, never, never!

Now and then I discuss this subject with my wife.

"Tell the truth, Frances," I say to her. "If you had it to do all over again, wouldn't you rather be a man?"

"No indeed."

"Why?"

Because it's more fun being a woman."

Fun? For the life of me I can't figure it out. Where's the fun?

Admittedly, a man's life is full of woe. Every morning he has to shave and then decide which sock to put on first—and what necktie to wear. But after he gets these major decisions out of the way the rest of his day is fairly clear sailing.

PERPETUAL NUISANCE

He is no longer much of a bother to himself.

But a woman is a perpetual nuisance to herself all the hours she is awake.

She is never quite right. She smugly,

NURSE KILLED ON TURNPIKE

SOMERSET, Pa. (AP)—A car careened out of control on the Pennsylvania Turnpike Thursday and crashed against the medial barrier, killing a Pittsburgh graduate nurse and injuring three others.

Miss Linda J. Ferson, 21, of Pittsburgh, was pronounced dead at Somerset Community Hospital.

Her companions, also 21-year-old graduate nurses from Pittsburgh, suffered cuts and bruises.

Listed in satisfactory condition at the hospital were Patricia Lackey, who was driving; Rhoda J. Gruntz and Mary Lou McKenney.

All four were recent graduates of the South Side Hospital School of Nursing in Pittsburgh and were enroute to Harrisburg to take state board examinations in nursing.

State police said the auto ran onto the shoulder of the turnpike about nine miles west of the Somerset Interchange, swerved back onto the road and smashed against the barrier, throwing Miss Ferson from the car.

Former major league outfielder Al Zarilla is now a scout for the Cincinnati Reds in California.

Roommates Get Hot In Pirate Victory

PITTSBURGH (AP) — The Pittsburgh Pirates made 21 hits in a double win over the Cincinnati Reds and nine of their hits were chalked up to Captain Bill Mazeroski and Bill Virdon, roommates when the team is on the road.

Maz had 5 for 9, including a homer, two doubles, and four runs batted in. Virdon went 4 for 8, including one homer.

Church Wall Falls In Razing Episode

CHATTANOOGA, Tenn. (AP) — The Church of Jesus Christ of the Apostolic Faith was going strong until the building next door was razed for a parking lot. Then the wall came tumbling down.

The church filed suit against the former owner of the old theater building which it bought in 1960. Only at the time of the razing, the church said, did the congregation realize that the building had no east wall.

has to endlessly adjust herself. She is never at peace.

She is always straightening the seams of her stockings, tugging at her girdle, putting on lipstick, adjusting her hair; doing her fingernails, smoothing her dress, clipping her eyebrows, patting her chins to firm them, and anointing herself with lotions.

At least 50 times a day she has to look into a mirror to be sure she is still there—and pretend to be glad at what she sees therein.

Women have a lot of other problems. They can't scratch themselves in public. They have to be careful about crossing their legs.

But the worst of all ordeals about being a woman, to me at least, would be having to eat tuna salad for lunch day after day. But the girls seem to thrive on it.

"Just tell me one thing," I ask Frances. "What real joy could there possibly be in being a woman?"

"You'll never know," she says smugly.

U.S. Gets Tough With Diem After Costly Plan To Save S. Viet Nam From Commies

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — South Viet Nam is the perfect example of this country's dilemma in trying to deal with a dictatorship in a backward country which it hopes to keep out of communism.

For years the United States has pampered, placated and pacified South Viet Nam's dictator President Ngo Dinh Diem while he warred against the Communist guerrillas of North Viet Nam. This has been true since he took over in 1955.

Yet, in those years he couldn't have lasted without American help or perhaps even escaped alive.

U.S. GETS TOUGH

But the United States was afraid to antagonize him. It felt it knew of no other leader who could rally the South Vietnamese against the Reds. Now suddenly the United States gets tough.

It has condemned his onslaught against the Vietnamese Buddhists who make up 70 per cent of the 14.5 million people. Some of Diem's generals are Buddhists. So are some members of the so-called Assembly. Diem rules by decree.

He and his family—his brothers and his powerful sister-in-law, Mrs. Ngo Dinh Nhu, are his closest advisers—run the country. All are Roman Catholics. Vietnamese democracy has been called "Diocracy."

Diem denies the Buddhists' charges of religious persecution. Five of them have burned themselves to death in protest. Mrs. Nhu calls them fanatics and says she would clap hands if 30 monks barbed themselves.

FEAR RED GAINS

The United States is again motivated by fear in criticizing Diem's treatment of the Buddhists: fear that his tactics will lose him support among the people and jeopardize the whole war against communism.

Where this new toughness will lead, or how long it will last, is unpredictable. But if the United States had been tougher with Diem long ago, Viet Nam might now be a better bulwark against communism.

Put yourself in the position of

the poor, illiterate Vietnamese masses with a short life expectancy because of disease and lack of medical care. They have not known much about freedom, except perhaps freedom to die, and nothing at all about democracy or communism.

PLEASANT FUTURE

This ignorance about the isms explains the peasants' great lack of interest in the war. If you were a peasant and had to make a choice between the two, you'd pick the one that promised the most for you and your family.

To be persuasive, the Diem government would have to give tangible evidence, in reforms and programs, of what being on the non-Communist side could mean. Diem has given the people few reforms or programs. The American government has done extremely little talking about them, either.

Diem, an aristocrat, has been mainly concerned with fighting the guerrillas and keeping power. He has a secret police to help him keep it. Mrs. Nhu said frankly not long ago her family has money and wants power.

U.S. MONEY, TROOPS

Since Diem took over eight years ago this country has put over \$2.5 billion into Viet Nam. It has more than 12,000 troops there, a number of whom have been killed.

That war, which now has no end in sight, might be going differently if the United States long ago had gotten tough with Diem and demanded he put in reforms and programs that would give the peasants a good reason for being non-Communist.

This year four senators who visited Viet Nam returned and said in a report:

SENATORS REPORT

"Present political practices in Viet Nam do not appear to be mobilizing the potential capacities for able and self-sacrificing leadership on a substantial scale.

"The government of Viet Nam and our policies, particularly in the design and administration of aid, must bear a substantial, a very substantial, share of the responsibility."

In one form or another the Viet Nam kind of problem haunts the

United States around the world in backward countries, or not so backward ones, where it is giving aid to frustrate communism.

It's how to get a dictatorship, or a ruling rich elite, to give the masses programs for a better way of life as visible cause for preferring not to be Communist.

Moravian Pastor Proves His Point

TUSCARAWAS, Ohio. (AP) — The Rev. William W. Matz, pastor of Sharon Moravian Church, had a personal experience to back up a sermon theme that "people are too quick to see the bad side of others."

He and another Moravian minister, the Rev. Warren Wenger, are working on Ph.D. degrees. Trevor Deem of Dennison, Ohio, drives them to Philadelphia each Wednesday so they can sleep coming and going from Temple University. While they're in class, Deem sleeps in the car.

But he awoke recently to find the car surrounded by police. A passerby had spotted a gun in the car. It turned out to be a plastic toy belonging to Matz' son Randy, 6. The minister noted

Compute Canning Costs To Evaluate Economy

MRS. HELEN D. TUNISON
Home Economist

If you're preserving foods now, to serve throughout the year, be sure you're doing the most economical thing. Sit down and figure how much home food preservation costs.

A bushel of peaches, for instance, weighing 48 pounds will yield 16 to 24 quarts of peaches, depending on variety, ripeness, and waste, and whether you freeze or can the fruit. If you pay \$4 a bushel and get 20 quarts, you're paying 20 cents for the fruit in each quart container. And the cost of the other ingredients, the containers, fuel for processing, and electricity for freezing.

After you estimate the total cost, compare it with the cost and quality of commercially canned or frozen peaches. Follow this same cost procedure for whatever

food you are freezing or canning. Of course, it's difficult to put a value on the satisfaction and enjoyment of home preserved foods.

BROCCOLI NUTRITIOUS

Bright green broccoli served with golden cheese sauce is a colorful dish of nutrients. And the nutrients in this vegetable and sauce are ones often limited in American diets today.

Iron in broccoli plays an important role in making hemoglobin, the red substance in blood that carries oxygen to body tissues. Vitamin A helps build good vision, smooth skin, and shiny hair, and helps fight infection by keeping body tissues healthy. Ascorbic acid in broccoli helps the body resist infection and heal wounds. If cooked properly, broccoli can add to the attractiveness of any meal. Cook fresh broccoli uncovered in salted water. Cooking uncovered allows substances that cause strong flavor to escape with the steam. Frozen broccoli seldom develops strong flavors because it cooks quickly.

For a quick sauce, melt processed cheddar cheese in the top of a double boiler; stir in an

equal amount of milk. When the mixture is hot, pour it over the broccoli. If you prefer, serve the broccoli with your favorite prepared cheese sauce.

Cheese provides calcium and phosphorus which help bones and teeth grow and become strong, and stay strong even after a person has stopped growing. Both these minerals are necessary for a sparkling smile and a good posture.

WORKING WIVES

Nearly 30 per cent of the wives in the United States have jobs away from home. Although the main reason is financial, the average working wife spends half of what she earns for expenses she wouldn't have if she stayed at home, as a homemaker only.

If you're considering a job away from home, shop and compare the expenses connected with each job opportunity. One of the first expenses you'll subtract from your earnings is income tax, and a greater portion of your earnings will go for taxes as the family income increases. Retirement plans and health, accident, and life insurance are other expenses you may have. These may be an added expense if you and your family already have the retirement plans and insurance you feel you need.

Other income reducers include transportation to and from work, special garments, extra clothing, professional beauty care and more beauty aids. Your meals may cost more if you buy lunches away from home, or use more prepared or partially prepared foods to serve your family. If you have young children, what will it cost to care for them while you're at work? What other homemaking tasks such as laundering and cleaning will you have to pay for?

When you've subtracted all the possible expenses from your prospective earnings, decide if a job away from home will increase your family income enough to make your working worth while.

Panther Eleven Drills On Passes

MEADVILLE, Pa. (AP)—The University of Pittsburgh's football team has been polishing its passing game both ways—offensively and defensively—on the orders of Panther Coach John Michelosen. Michelosen said Thursday at the team's Allegheny College training camp that he has been pushing his quarterbacks to get their passes off faster.

At the same time, the Panther coach said he is prodding his defensive rushing line to move in quickly on opposing quarterbacks to stop them before they get a pass into the air.

A Lovelier You

By MARY SUE MILLER
VEINED HANDS. What can be done to lessen the unattractive appearance of prominent blue veins on the backs of the hands?

Legions of mature lovelies ask that question. For them, this answer:

The looks of things can be improved in several ways. The first is so easy that you will not believe its value until you test it. Simply raise your hands overhead for a few seconds and then lower them. The veins will have disappeared, or nearly so.

The result, of course, is temporary but the routine can be repeated as needed. Or, you can get much the same effect by raising the hands to the throat. As the gesture is not uncommon, it is usable and goes unnoticed when you are in the company of other people.

As a second step, try to keep the hands relaxed. Tension distends the veins and causes them to appear heavier than they really are.

Lastly, make a wise use of hand cosmetics. Keep the hands lotion-smoothed and the nails perfectly manicured. Do use enamel but beware of those with a blue cast. Clear reds of light or medium intensity "fade" the blue of the veins.

For special occasions, hand make-up could prove helpful. The cosmetic to use is a body make-up, a make-up blender, or a pearly finishing hand cream. Perhaps the idea sounds too far-fetched, far out, or artificial to you. But the truth of the matter is that skillful applications greatly minimize discoloration, yet are not detectable.

LOVELIER HANDS

Do you have a hand problem? Send today for LOVELIER HANDS, a booklet that covers every step in a quest for hand beauty. It tells how to keep the skin and nails groomed; how to overcome weak nails, polish chips, discolored knuckles, prominent veins, wrinkles; how to use the hands with poised grace. To obtain your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a large, self-addressed, stamped envelope and 20 cents in coin.

WILL ENROLL 11 NEGROES INTO SCHOOL

By AL LANIER
CHARLESTON, S.C. (AP) — Charleston has been ordered to admit 11 Negroes to its all-white schools on Sept. 3. School officials reluctantly bowed to the ruling Thursday by U.S. Dist. Judge J. Robert Martin Jr.

Two white high schools and two white grammar schools in this port city, smoldering from summer-long racial demonstrations, will be integrated.

Judge Martin's ordered covered 13 students involved in the original integration suit, but one has graduated from high school and another has moved from the district.

Judge Martin cleared the way for integration of all city schools. He said no qualified Negro can be denied admission to a white school after September 1964.

3,108 VS. 9,539

The order affects School District No. 20, which has 3,108 white pupils and 9,539 Negroes.

"Every child in School District No. 20 has the right to attend a school freely selected without regard to race or color," said Judge Martin.

District trustees decided to go along with the order and admit the 11 Negroes. But they instructed attorneys to appeal the ruling. Laurence O'H. Stoney, board chairman, said it remains to be seen whether the school system can be operated in 1964. He urged all residents to respect the board's decision "and to maintain and observe proper discipline."

All secondary schools in South Carolina are segregated. But Harvey Gantt, 20, a Charleston Negro, was enrolled without incident at state-supported Clemson College last January under federal court order. Two Negroes are scheduled to enter the University of South Carolina next month.

Judge Martin's ruling came just 16 days after a two-day hearing on a desegregation suit filed in 1962 by parents of the 13 Negro children.

Today In Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — In the news from Washington:

SURVEY: The House Banking Committee has launched a study of the banking system in the United States with a questionnaire seeking information on personnel policy, problems in raising capital and financial reporting to stockholders.

The questionnaire was mailed to a 3,000-bank sample of the country's financial institutions. Subsequent ones will deal with correspondent banking relations, the services provided by independent, chain and holding company banks and policies on loans and interest.

AID FOR DROPOUTS: President Kennedy and his brother, Atty. Gen. Robert F. Kennedy, have each contributed \$1,000 to a group that seeks to encourage Washington teen-agers to stay in school.

The group, the Stay-in-School Benefit Fund Committee, hopes to place needy students in part time jobs or give them direct subsidies to keep them in school longer than

their parents can afford.

SPENDING: House Republican leader Charles A. Halleck says that if businesses made in their advertising the kind of savings claims the Kennedy administration has made, the Federal Trade Commission would issue cease and desist orders.

This was one of several jabs the Indian and Senate Republican leader Everett M. Dirksen of Illinois directed at the administration's fiscal policies at a news conference Thursday.

DEMONSTRATION: Louisiana Sen. Russell B. Long says of the civil rights march planned next Wednesday in Washington: "I would just as soon the whole thing broke into riots, though I am not advocating this."

Long said if the march is conducted "in an orderly fashion it might help them some, but if it gets out of hand it will hurt their cause."

TAKES OVER: Rear Adm. William P. Mack, an author and a veteran of destroyer combat action, is the new chief of Navy information.

Mack, 48, took over Thursday from Rear Adm. John S. McCain, who will assume command of the U.S. amphibious forces in the Atlantic with the rank of vice admiral.

PHILADELPHIA (AP) — The city Department of Health has reported two more cases of polio, bringing the year's total to 20.

Dr. Norman Ingraham, deputy health commissioner, said Thursday the newest victims are, Giardaro Rosario, 7 months, and Christine Kerrigan, 7.

ERIC JOHNSON, HEAD OF MPAA, EXPIRES AT 66

WASHINGTON (AP)—Eric A. Johnson, president of the Motion Picture Association of America and a business leader and government trouble shooter for nearly three decades, is dead at 66.

Johnson succumbed Thursday night at George Washington University Hospital to the effects of a stroke detected two months ago on his return from a trip to Europe. He had been in critical condition for more than a month.

Johnson pursued several careers, some of them simultaneously, starting as a grade-school newspaper carrier to help support his widowed mother. He worked his way through the University of Washington as a door-to-door vacuum cleaner salesman, graduating just in time to become the Marine Corps' youngest major in World War I.

He was best known, perhaps, as head of the motion picture industry, serving 18 years as president of the Motion Picture Association of America. His annual salary was \$100,000.

Educated as a lawyer, he pursued a career in business, pyramiding his interests in the Brown-Johnstone Co., a Spokane, Mich., electrical firm. He formed the Columbia Electrical and Manufacturing Co. to produce the appliances sold by Brown-Johnstone, and held posts with other firms.

In 1942 he attained national prominence on election as president of the Chamber of Commerce of the United States. In the post he led a drive for business co-operation with President Franklin D. Roosevelt and an end to Roosevelt-baiting. He served four terms gaining stature as an eloquent spokesman for the free enterprise system.

In 1944, on a visit to the Soviet Union, Johnson met the world's No. 1 Communist, Soviet Premier Josef Stalin. The capitalist told the Red dictator: "I like your manganese. It doesn't know it's socialist. You like our machine tools. They don't know they are capitalistic."

Letter To The Editor BERMUDIAN SPRINGS JOINT SCHOOL SYSTEM York Springs, Pa.

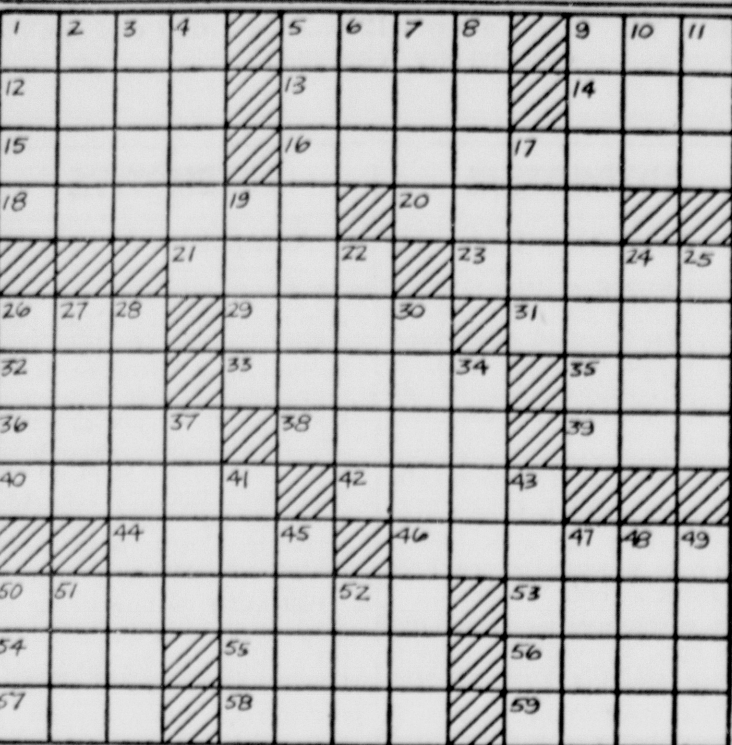

August 21, 1963
Mr. Paul L. Roy, Editor
Gettysburg Times
Gettysburg, Penna.
Dear Mr. Roy:

I have no desire to enter into controversy at this time concerning the Bible reading and prayer issue. It is my purpose to clarify the position of our school system in this matter.

We have not decided to disregard or to flaunt the decision of the Supreme Court, as has been intimated in the first letter to the editor published in your paper.

Our decision to continue Bible reading and prayer on a temporary basis is based on these factors: 1. Our school system has not received any official directive from the Department of Public Instruction or any other government agency advising us to change the requirement of the school code which requires this practice. 2. The action of the court has come during the summer vacation period when it is

virtually impossible to get a representative group of administrators, teachers, directors, students and other interested persons from the community to develop suitable materials to use in an opening devotional exercise. We plan to begin work on this project as early as possible in the school year.

3. We will explain carefully to our students at the opening of school the reasons for continuing the practice of Bible reading and prayer. We will not require anyone to attend the opening devotional exercises if they, or their parents, object.

4. It is our belief that the transition from Bible reading and the Lord's Prayer to some other type of devotional exercise should be carefully planned and executed. The Supreme Court has permitted this transition in the case of its school desegregation decisions. Why not in this matter, as well?

These are the conditions under which our school directors voted to continue Bible reading and prayer. I trust this explanation will help to justify our position to the public.

Sincerely yours,

EAST VS WEST ON SATURDAY FOR LL CROWN

By DAVE LEHERR
WILLIAMSPORT, Pa. (AP)—Stratford, Conn., will stake its chatter and pep against the amazing pitching of Granada Hills, Calif., Saturday for the 1963 Little League baseball championship.

If the record books mean anything the 2 p.m. (EDT) battle looks like a real humdinger, matching two of the most evenly balanced teams in the history of the tournament.

A composite look at the squads in earlier games shows a close pattern. Granada Hills, conqueror of Houston, Tex., and Izmir, Turkey, has pounded out 17 hits, collected 17 runs, committed one error and yielded eight hits and two runs in 15 innings.

HUSTLE TEAM

Stratford, the hustle team of the series, has come up with 13 hits and 10 runs, committed four errors and given up five hits and one run in 12 innings, whipping Valleyfield, Quebec, and Duluth, Minn.

But pitching has been the spark of the Californians. Young Dave Sehnem, slated to start in the championship game, whiffed 18 Houston batters in nine innings to open the series and Tiny Tom Berry added 13 more against Tur-

NEW JERSEY GOLF COURSE IS LIGHTED

By WILL GRIMSLEY

Associated Press Sports Writer
SEWELL, N.J. (AP)—Okay, so nighttime golf is here. Now what? "We won't play the National Open under any time soon," said P. J. Boatright, assistant executive director of the U.S. Golf Association. "It's interesting and it's fun, but you can't expect it to take the place of daytime play."

"Night golf should lend itself particularly to the overcrowded public courses."

"It has its problems," added Fred Corcoran, tournament director of the International Golf Association. "I remember I predicted back in 1939 that golf courses one day would be lighted, but it'll be a few years before this becomes a general fact."

Boatright and Corcoran were two of the many golf personalities invited to Tall Pines here this weekend to see a bit of golf history made—lighting of the first regulation course.

COST \$63,000

At a cost of \$63,000, 121 powerful mercury floodlights of 1,000 watts each have been mounted on 76 40-foot wood poles around the nine-hole course, pouring out light equal to the flame of six million candles.

Although driving ranges, miniature layouts and some 200 sporty par-three courses are illuminated for night play this is the first man-sized course to beat the darkness barrier. Tall Pines, a private club, has holes comparable to those the pros play on tour, with 28 deep sand traps, 1,000 added trees and out-of-bounds on five holes.

520-YARD HOLE

A par-five hole stretches 520 yards. A valley par-four reaches 420 yards, and another 415. There is a par-three of 215 yards. Played twice around, it measures 6,460 yards with par 35-35-70.

"It's not daylight, but it's the nearest thing to it and the best money can buy," said the owner of the little private club, Peter McEvoy, Sr.

Larry Dengler, marketing engineer for the electrical concern which installed the system, predicted there would be a mass movement toward lighted courses, with municipal layouts in the van.

key for an amazing total of 31 in 15 innings.

Stratford counters this awesome display with an almost air tight defense. Veteran Little League historians call chatterbox Mike Kowaski one of the best third basemen in Little League baseball today.

GOOD FIELDING

The Connecticut youngsters put on a dazzling fielding display Thursday in beating Duluth.

Duluth put three men on with no outs in the fifth inning but could not score as the hustling Stratford infield picked off two straight runners at the plate and the last batter of the inning grounded to first.

The brilliant defensive job peaked Stratford's offense, which exploded for four in their half of the fifth to stretch their lead to 5-0.

Just two hours earlier Berry, son of Granada Hills manager Glen Berry, fired a one-hit shut-out to pace the Californians to a 14-0 victory over Izmir, a team of U.S. Army and Air Force youngsters.

Here again a big inning—eight runs in the first—turned the tide. Granada Hills has won 12 games since the start of Little League playoffs at the local level four weeks ago, yielding only 12 runs. Stratford is 13-0, giving up 14 runs.
